CLEANING OF THE CITY HAS BEGUN; WORK GOES ON

City School Pupils to Take Part in Cleaning Up of the City

SQUADS TO HAVE CONTEST

Mayor Issues Proclamation Urging Everybody to Clean Up

The work of cleaning the city began yesterday and everything is now ready for the final day of the crusade against the refuse—the accumulation of an entire winter. The citizens of Paris entered into the movement with a spirit that bids fair to develop into one of the greatest events in the history of the city.

Property owners and occupants began yesterday to clean their premises and the result was practically every business house an residence has before it barrels of refuse to be removed to-day and to-morrow by the conveyances to be provided by the city for the purpose.

Not only are the property owners engaged in the work of cleaning the city, but the boys—students at the public schools, will engage in the work.

The male pupils of the school have been divided into squads and trained in the duties they are to perform to-day by Dr. F. M. Faries and Prof. Hendricks. Each squad will have a captain who will direct the work, and the squads will compete for the prizes offered by Miss Lucy Simms, a member of the Health and Welfare League which is promoting the endeavor.

From all accounts, the boys, under the direction of the captain of the squad, have progressed rapidly in their lines of duty, and will undoubtedly do themselves proud on the occasion of their first effort to make the city cleaner. It is said that some have endeavored to ridicule those who will enter into the work to-day. This, however, is making but little impression on the boys who are to be engaged, and they will enter upon their noble duties with a spirit that can not but result in success.

Mayor J. T. Hinton has issued a proclamation, in which all are requested to clean their premises, placing the refuse on the sidewalks that it may be removed by the wagons which will be provided.

THURSDAY WILL MARK ADVENT OF KEITH VAUDEVILLE HERE

The announcement made by the Colonial Amusement Co. last week that Keith Vaudeville is presenting at the Paris Grand, is being received with much interest by the theatre-goers of this city. It is the only town in Kentucky of its size that is able to secure this class of attraction. The arrangement made with Mr. Berryman, of the Ben Ali Theatre, Lexington, is merely to let the management of Paris people regarding vaudeville, before Paris will be considered one of the regular cities covered by the circuit.

The Keith Circuit is perhaps the highest class vaudeville circuit in the United States today, and only cities of the size of Lexington or larger can secure such attractions as are offered. Paris is an exception, however, and there is a great opportunity for the Paris theatre-goers having the same chance of seeing the same vaudeville artists in the local theatre that play each week in Lexington, Louisville and Cincinnati.

The Colonial Amusement Co., which leases the Paris Grand, has been engaged in an effort for some time looking to the securing of the vaudeville artists which make this circuit and contemplate making it permanent here if the people demonstrate on the initial appearance of Keith actors in this city that they really want such high-class attractions.

The first appearance of a Keith bill in Paris will be on next Thursday evening, when one of the very best now on the circuit will be the attraction. One of the features of this performance will be Gregg's ten-piece orchestra, which will be here for the occasion. Paris people should welcome the advent of this vaudeville here, and show their hearty appreciation by extending the most liberal patronage.

J. HAL WOODFORD LOSES HORSES IN LATONIA FIRE

Kindness to a dumb brute is what caused the fire at the Latonia race track Thursday night, which destroyed the barn of Howard Oots, together with eight race horses, including the 1909 Kentucky Derby winner, Wintergreen, the property of H. E. Stewart. A man attached to the stable was doctoring a horse which had injured its side, when the lantern exploded, setting the barn on fire.

J. Hal Woodford, of Paris, was the chief sufferer from the fire, seven of the number belonging to him. Following is a list of Mr. Woodford's horses that were lost:

Carlton Club, four-year-old horse by Carlton Grange; Kisland, three-year-old filly, full sister to Whimsical; Bourbon Maid, three-year-old filly by Pink Coat; Red Star, three-year-old filly by Star Shoot, and sister to Lil'ie Turner; Baby Doll, five-year-old by Orlando, and sister to My Gal and My Gallant; Precinct, two years old, by Electioneer out of Lake Breeze, an Oaks winner, and brother to Jeff Bernstein; a two-year-old filly by Hastings.

This was a very valuable stable of racers and were a loss except \$1,000 insurance each on Carlton Club and Kisland. Among horses that perished was Congressman James, the property of H. E. Stuart, and insured for \$1,500. Carlton Club and Kisland were both taken out of their stalls unhurt and turned loose and the doors closed, but returned and were burned to death under the shed at their stall doors.

THEATRICAL.

The Columbia Today.

Our "Mutual Girl" series today. Margaret discovers the stolen necklace in her muff. Detectives visit the Count and run down new clues, while Margaret and her aunt buy magnificent gowns, meet leading New York millionaires at Piping Rock races, visit the Metropolitan Museum of Art with Miss Billie Burke, the famous actress and enlist the aid of District Attorney Whitman, of New York, who proves to be a valuable friend in time of need.

"Hidden Treasure Ranch," a good picture. "Mabel's Strange Predicament," a good comedy, that will make you laugh. (adv)

Keith Vaudeville at The Grand.

There will only be Keith Vaudeville at the Grand Opera House Thursday evening, April 16.

The bill is a good one, and is made up of the best on the road. Maxwell Holden, shadowgraphist, a line of entertainment that is particularly pleasing to both young and old. Russell and Church have an eccentric comedy dancing act that is said to be a scream from start to finish. The Harrahs have a roller skating act that is not only new but is novel. Paul La Croix and Company, comedy hat manipulators. "Nine Girls of the Golden West," in a big scenic instrumental musical act, have been one of the sensations of the entire circuit, and come heralded as one of the greatest acts of the kind ever produced. The one big hit of the bill will undoubtedly be the act of Will Rogers, billed as "The American Cowboy." This is a one man turn, but there is enough fun in it for a dozen, and Rogers has been the hit of every bill where he has appeared. Montgomery and Stone endorse "The American Cowboy" as the best turn they ever saw. The Three Keatons, including Buster, the well-known boy acrobat, close the show with an acrobatic act that is original. (adv)

FIXING THE BLAME.

"The Sleuth" on the Marion, Ind., Chronicle claims he doesn't steal his funny stuff. He gets it from the Kokomo, Ind., Dispatch and the Logansport, Ind., Pharos-Reporter, he says, and they give no credit to Bits of By-play.

COL. FRANKLIN AS SPELL-BINDER PAR EXCELLENCE.

The Lexington Leader of Sunday contained the following: "Colonel R. B. Franklin, widely known lawyer of Lexington and Franklin, and formerly Commonwealth's Attorney in the Franklin-Woodford-Bourbon district, is a real spell-binder when it comes to working on a jury. Judge Harmon of Paris, who was in Lexington today, tells this one on Col. Franklin which proves the truth of the allegation. Recently Col. Franklin, who was attorney for the plaintiff in a suit against the L. & N. railroad company, on trial in the Bourbon Circuit Court, was making a speech to the jury. It was about 11 o'clock in the morning when Col. Franklin began his argument, and it was soon apparent to the court, jury and spectators that the speaker was 'loaded for bear' the way he began soaring around in the empyrean in his daring flights of eloquence. The court room was crowded, and not only the spectators, but the jury was getting worked up under the hypnotic spell of the orator. Suddenly striking a statue-of-Bartholdi's pose, Col. Franklin lifted his hand benignantly, and with due solemnity in his voice, shouted: 'Two thousand years ago the Master said to the turbulent waters of Galilee, 'Peace, be still.' The echo of his voice had hardly died away, Judge Stitt says, when one of the jurors fainted and several showed signs of prostration. The result was the court had to adjourn until 2 o'clock, when Col. Franklin resumed his address, but it was noticeable that he toned down some."

BECKHAM PAYS VISIT TO FORMER HOME OF STANLEY

The Ex-Governor is Given a Warm Welcome in the Fleming Capital

MEETS FRIENDS AT ELIZAVILLE

Senatorial Candidate Assured Of Majority in Fleming County

FLEMINGSBURG, Ky., April 13.—Ex-Gov. Beckham invaded the former home of A. O. Stanley Saturday, and was given a great reception by the voters of Fleming and adjoining counties.

He was met at Ewing by several friends in automobiles and escorted to Flemingsburg. A stop was made at Elizaville, where he met many voters.

The party arrived at Flemingsburg at 11, and a band of ten pieces announced the arrival of the party. A reception was held at the Merchants' Hotel, where hundreds called to assure the Governor of their support.

The speaking began at 1:30 and the court house was crowded. County Judge Fulton introduced Mr. Beckham and paid him a glowing tribute. He said there was no doubt about the great victory awaiting the ex-Governor in August, and that Fleming county would be on the right side.

The reception given Mr. Beckham was a most cordial one, and it is said he made many votes. His supporters here are very enthusiastic and claim that he will carry the county by a good majority.

NEITHER WILL WITHDRAW.

A dispatch from Louisville Saturday said:

"That Congressman A. O. Stanley and Governor James B. McCreary, chief contenders with former Governor J. C. W. Beckham for the Democratic Senatorial nomination, have become panicky and one or the other will withdraw from the contest is a story given credence in political circles here.

"Congressman Stanley denied the story emphatically. 'It is true I saw the Governor and talked to him,' he said, 'but there was no conference looking to the withdrawal of one of us. I am in the fight to stay. Beckham and his men are on the run. His friends, I am confident, have inspired these stories, and so far as I am concerned, you can say there is not a particle of truth in them. I am in this fight to the finish.'"

"Judge Allie Young, of Morehead, high in the councils of the party, and a supporter of McCreary, was in the city yesterday. It is said that Judge Young advised McCreary that he or Stanley should withdraw if either of them hoped to take the nomination away from Beckham."

SEARCH FOR FUGITIVE ENDS IN RAID OF BLIND TIGER.

A search for a fugitive from justice, wanted in Bourbon County, and under indictment in the Bourbon Circuit Court, resulted in the raiding of a "blind tiger" in Carlisle yesterday. A large amount of "wet goods" was confiscated by the officers.

Jailer Joe Farris went to Carlisle yesterday in search of a man, who it is said, has been living in that city, and who is wanted by the Bourbon authorities. He enlisted the assistance of Sheriff Parker and Chief of Police Dunn, who informed him that the whereabouts of the negro was known and that he could place him under arrest in a short time.

Accompanied by Dunn, Parker and several deputies, Jailer Farris went to the negro suburb of Henryville, where according to the Carlisle officials, the negro wanted here was said to be living, and after surrounding the house one of the officers attempted to gain admittance. With this there was a grand rush of a number of men on the inside and in a few seconds, all of the exits were blocked by men endeavoring to escape. These, however, were held by the police and an investigation began, with the result a well equipped saloon was found in the house, together with a crap table.

Horace Amos, a negro, was arrested, option territory and lodged in jail. Amos was armed with a revolver and it is said attempted to draw the weapon on Chief Dunn, who had the drop on his man, and disarmed him.

In the "blind tiger," it is said, there were a number of Bourbon county men, who attended court in Carlisle, had sought the resort conducted by Amos, to be compelled to appear as witnesses against Amos.

The fugitive for whom Jailer Farris was in search was not in the building when the raid was made.

MR ALEXANDER EXONORATED BY JUVENILE COURT JUDGE.

A few weeks ago The News published a letter written to Mr. George Alexander, of this city, from the chief prosecutor of the Juvenile Court in Cincinnati exonerating him from any connection with the delinquency case of Mildred Crane, in which he had been mentioned among other prominent men as having been implicated. Mr. Alexander has been further exonerated by Judge Gorman, of the Juvenile Court, which is shown in the following dispatch sent out from Cincinnati Saturday. "Both the Judge and Prosecutor in the Mildred Crane Juvenile Court case to-day personally addressed letters to George Alexander, Paris, Ky., banker, completely exonerating him from connection with the case which resulted in heavy fines for a number of men who pleaded guilty of contributing, in one way or another to her delinquency."

SURVEYORS BEGIN ON NEW RAILROAD LINE.

Civil Engineer and railroad expert surveyors have begun a survey of the geographical lines of the east bank of the Licking River from a point just east of Falmouth to Newport, Ky. This is to be done in order that an estimate of construction may be immediately made to the projectors of the proposed Virginia and Licking River Railroad, who propose to open some 80,000 acres of coal lands and send their product through Newport, Ky., and Cincinnati over their own railroad, making connections at the latter points with the Chesapeake & Ohio and Chesapeake & Ohio of Indiana Railroads.

POINTED PARAGRAPHS

Better a hair in the head than two in the brush.

Experience teaches us how dishonest other people can be.

Every man thinks he needs a wife until after he acquires one.

A good many people would say more if they didn't talk so much.

A wise man makes the best of it when he gets the worst of it.

The man who really knows a woman doesn't pretend to understand her.

A girl who is chummy with her mother can manage to get along pretty well without a chaperone.

THE SPHERE OR THE HAT?

(New York Evening Telegram.) A woman does all she can to reduce it when she is dressing to go out and lecture on "How Women Is Enlarging Her Sphere."—Cincinnati Enquirer. Um! A most ingenious paradox. Still neither is the price of the hat regulated by the size of it.

It is easy to distinguish cut glass from the other kind; the other kind is found on bargain counters.

Every time a woman attempts to work off a ten-word compliment on a man she is sure to spoil the effect by transforming it into a serial story.

FLIES ARE THE MOST
DANGEROUS INSECTS KNOWN

Flies are the filthiest of all vermin.
They are born in filth, live on filth
and carry filth around with them.
They are maggots before they are
flies.

Flies are known to be carriers of
millions of death-dealing diseased
germs. They leave some of these
germs wherever they light.

Flies may infect the food you eat.
They come to your kitchen or to your
dining table, fresh from the privy
vault, from the garbage box, from the
manure pile, from the cuspidor, from
decaying animal or vegetable matter,
from the contagious sick room with
this sort of filth on their feet and in
their bodies, and they deposit it on
your food, and you do swallow filth
from privy vaults, etc., if you eat food
that has come in contact with flies.

Flies may infect you with tubercu-
losis, typhoid fever, scarlet fever,
diphtheria, and other infectious dis-
eases. They have the habit of feast-
ing on tubercular sputum and other
discharges of those sick with infec-
tious diseases and then going direct
to your food, your drink, to the lips
of your sleeping child, or perhaps to
a small open wound on your hands or
face. When germs are deposited in
milk they multiply very fast; there-
fore milk should never be exposed to
flies.

WAR-TIME COTTON.

A remarkable memento of ante-bel-
lum days was brought to Bowling
Green, Ky., the other day in some
cotton grown on the plantation of Carter
Allen, of Smith's Grove, Ky., prior to
the Civil War. A guest at his house
found the cotton stowed away in some
sacks in a building on the place. It
was grown by the slaves of Mr. Allen
and in those days commanded \$1 a
pound. While the staple is short, the
cotton is of excellent quality, showing
that Warren county is capable of pro-
ducing cotton of a superior quality.

WHEAT CROP MAY
EXCEED ALL RECORDS

The winter wheat crop this year is
expected to break all records. The
Department of Agriculture estimated
the yield may exceed 551,000,000 bush-
els. The condition of the crop April
1 was ninety-five per cent. within six-
tenths of normal, or 11.5 per cent. bet-
ter than the average condition during
the past ten years. The acreage
planted last fall is estimated at 36,
000,000 acres.

KENTUCKY'S ACTUAL DEBT
AMOUNTS TO \$1,799,943.28

"The State debt proper at the close
of the fiscal year, June 30, 1913, was
\$1,799,943.28, represented by outstand-
ing warrants," said Assistant State
Auditor C. B. Ykens, Friday, when
he was shown the preliminary figures
of the United States census bulletin
on the Kentucky debt. "I do not
know how the Census Bureau arrived
at the total of \$4,450,000 as the
amount of Kentucky's debt at that
time. In addition to the deficit, there
are certain school warrants on which
the State pays in perpetuity for the
benefit of educational purposes 6 per
cent. interest, but these do not con-
stitute a debt in the proper sense of
the word. The bonds were given the
schools as evidence of the obligation
to pay them an income certain,
amounting to 6 per cent. per annum
on the face of the bonds. These, ad-
ded to the deficit, as evidenced by the
warrants, make the total \$4,286,964.39,
and until I can see the items on which
the total shown by the Census Bu-
reau is based, I could not verify the
figures.

"These bonds I speak of are \$165,
000 for the benefit of the State Uni-
versity and the Colored Normal;
county bonds issued January 1, 1885,
for school purposes, amounting to
\$1,327,000, and the school bonds is-
sued May 12, 1892, amounting to \$606,
641.04. Then there are miscellaneous
script and bonds aggregating \$6,394
never presented for redemption and
probably lost or destroyed.

"The sinking fund balance of June
30, 1913, was \$10,306.57, instead of
\$13,000, and \$80,000 had been loaned
to the general expenditures fund.
The decrease in the sinking fund
since 1902 was due to the retirement
of all outstanding bonds.

"Kentucky is practically on a cash
basis; a great many expenses come
out of the annual revenues which in
other States are taken care of by
bond issues and the State bears many
expenses that in other States are
borne by the counties. This makes
comparisons of per capita indebted-
ness, especially when the difference
in population between States is con-
sidered, of little or no practical ad-
vantage."

WARD TELLS OF WORK OF
COMMISSION DURING YEAR

J. Quincy Ward, Executive Agent of
the Kentucky State Game and Fish
Commission, told the members of the
Kentucky Fish and Game Protective
Association at Louisville that Ken-
tucky would receive this year for the
replenishment of the streams and
fields 14,000,000 fish 100 pairs of Hun-
garian partridges and deer and quail
in small quantities if purchasable.
Deer hunting will again be a Ken-
tucky sport, according to Mr. Ward.
Twenty-four deer are already ranging
preserves in the mountains of the
State. Quail will be the hardest to
get, as there are no States that will
allow these birds to be taken out of
them.

The speaker criticized the Legisla-
ture for its failure to pass better
game protective laws. President Jo-
seph G. Sachs announced plans for
forming protective associations in
most of the counties of the State.
The destruction of more than 1,000
nets and traps last year has improved
fishing in Kentucky streams.

CONVICTS BEGIN WORK
ON STATE PRISON FARM

Five convicts, all married men, and
four of them serving sentences of
from two to twenty-one years for
manslaughter, left the Frankfort Re-
formatory Friday morning under the
charge of J. B. Schnorbus, of Covin-
gton, superintendent of the prison farm,
to inaugurate the work on the new
reformatory experiment.

The men are Newton Arnold, of
Pendleton county; W. W. Graham and
Charles Renfor, of Carter county;
Judge Watkins, of Breathitt county,
and Fred Clifford, of Louisville, the
last named serving a term of one to
five years for grand larceny.

Warden Wells says he picked mar-
ried men with families because, all
other things being equal, they are
more apt to be steady and less im-
pelled to run away and become fugi-
tives. The force will be increased
from time to time, and it is expected
that thirty or forty men will be em-
ployed on the farm, besides the con-
sumptives, in a few weeks.

A long series of experiments in the
Philippines by army surgeons has dis-
proved the theory that the deteriora-
tion of white persons in the tropics is
due to the actinic rays of the sun.

IF SKIN BREAKS OUT
AND ITCHES APPLY SULPHUR

Use It Like a Cold Cream and Dry Ec-
zema Eruptions Right Up

The moment you apply bold-sulphur
to an itching or broken out skin, the
itching stops and healing begins, says
a renowned dermatologist.

This remarkable sulphur made into
a thick cream effects such prompt re-
lief, even in aggravated Eczema, that
it is a never-ending source of amazement
to physicians.

For many years bold-sulphur has oc-
cupied a secure position in the treat-
ment of cutaneous eruptions by reason
of its cooling, parasite-destroying
properties and nothing has ever been
found to take its place in relieving ir-
ritable and inflammatory affections
of the skin. While not always estab-
lishing a permanent cure, yet, in
every instance, it immediately sub-
dues the itching irritation and heals
the Eczema right up and it is often
years later before any eruption again
manifests itself.

Any good pharmacist will supply an
ounce of bold-sulphur cream, which
should be applied to the affected parts
like the ordinary cold creams. It isn't
unpleasant and the prompt relief af-
forded is very welcome, particularly
when the Eczema is accompanied with
torturous itching. (adv)

If your child is languid, bloodless, tired when rising, with-
out ambition or rosy cheeks, Scott's Emulsion is a wonderful
help. It possesses nature's grandest body-building fats so
delicately predigested that the blood absorbs its strength
and carries it to every organ and tissue and fibre.
First it increases their appetite, then it adds flesh—strengthens
the bones—makes them sturdy, active and healthy.
No alcohol or narcotic in Scott's Emulsion, just purity and strength.

DEATHS

PHIPPS.

—The body of Mrs. Kate Phipps, who died in St. Joseph's Hospital, in Lexington, was buried in the Catholic cemetery here, Saturday afternoon, the body being taken from the 3:30 train to the cemetery. Mrs. Phipps was formerly Miss Kate Daly, daughter of Thomas Daly, who resided near Centerville, on the Cynthiana pike.

SMITH.

—Col. T. H. Smith, president of Beaumont College, one of the most prominent educators of the South, died of uraemic poisoning at Beaumont College Saturday. He was seventy-eight years old. The funeral services were held at the college to which he had devoted the last twenty years of his life. Rev. Bunyan McLeod, of the Presbyterian church, and the Rev. W. P. Harvey, of the Baptist church, conducted the last rites.

MARSH.

—Mr. John W. Wright received a telegram Sunday announcing the death of Mrs. Marsh, which occurred Saturday night at Elsmere, Fla. Mrs. Marsh was the daughter of the late Andrew Wright of Bourbon. For the past several years she has been a resident of Florida. She is survived by two children, Mr. Jas. Marsh and Mrs. Neoma Reynolds, also one sister, Mrs. Belle Gaines, of Texas, and one brother, Mr. John Wright, of this county. The remains will be brought to this city for burial, but the funeral arrangements have not been arranged.

Mrs. Della Carr was arrested at Youngstown, O., charged with stabbing her husband when he complained of late supper.

The division of education of Harvard University and the city of Newton, Mass., maintain a joint fellowship for research in education.

MATRIMONIAL.

CHAPMAN-SMITH.

—The following invitations have been received by Paris friends of the bride-elect, who live there during her school days while her father was superintendent of the public schools:

Mr. and Mrs. George Washington Chapman request the pleasure of your company at the marriage of their daughter

Jerome to
Mr. Landon Garland Smith on Wednesday evening, the twenty-ninth of April, nineteen hundred and fourteen at half after eight o'clock At Home
Tupelo, Mississippi.

BOURBON MAN RECEIVES HONOR AT TRANSYLVANIA

The Lexington Herald of Sunday contained the following:

"G. Paul Smith, of Millersburg, a sophomore of Transylvania University, a member of the Board of Head Chapter, Sigma Upsilon of that institution, has been awarded second place in the prose fiction contest conducted by the National Monthly.

"In order to become a member of the Sigma Upsilon a man must do some creative work which is passed on by the magazine committee and the chapter which he is to join, and the honor of being among those winning a position in the awards is rarely attained by an undergraduate.

"The first prize was won by Edgar B. Jackson, of Osiris Chapter, Randolph-Macon College, and the judges were Dr. L. W. Miles, of Princeton; Dr. J. D. Bruce, of the University of Tennessee, and Dr. Pierce Butler, of Sophie Newman College."

BOURBON FARMERS ARE BUSY WITH SPRING WORK

Comparatively little spring plowing has been done in this section on account of rain or freezing weather. But every hour of suitable condition has been used to good advantage by the farmers in pushing their work. Many beds, it is said, were damaged by the freeze last week.

All over the county in every direction may be seen long white stretches of cotton, showing that hundreds of tobacco beds have been sown, and the tiny seeds under their protecting covers will soon begin to give promise of rich returns.

The grass, which throughout the winter has shown the effects of the unprecedented drought of last year has taken on new life, and the green meadows afford abundant pasturage for the flocks and herds.

The fruit crop promises to be abundant and unless a severe freeze occurs within the next few weeks, the indications are that this will be a banner fruit year. The trees have passed the winter in good shape and the buds are swelling.

Dr. F. L. Peddicord, of Louisville, was appointed Superintendent of the Central State Hospital at Lakeland, by the members of the State Board of Control of Charitable Institutions at a meeting held in Frankfort last Wednesday. It is expected that the appointment of Dr. Peddicord will be approved by Governor McCreary in a few days.

Dr. Peddicord is forty-two years old and has been first assistant at hospital since December 1, 1912. He is a native of Bracken county, but practiced medicine at Burlington, in Boone county. He has announced that only a few changes will be made in the present staff of the institution.

AUTO DELIVERY TRUCK DAMAGED BY FIRE

A large auto delivery truck belonging to Baldwin Bros. was badly damaged by fire Friday afternoon, on Second street.

The car was being driven by Jim Letton, colored, who was accompanied by Mr. Boone Baldwin. The machine had been started down the hill near the home of Mrs. Nellie Highland, when the car was discovered to be on fire. Mr. Baldwin and his porter succeeded in removing a calf from the machine, and beat the flames with blankets until the arrival of the fire department, when the fire was extinguished with hand extinguishers.

The engine and body of the machine was badly damaged by the fire, and it is probable that the auto will have to be returned to the factory and rebuilt. The damage is covered by insurance.

Fire, wind and lightning insurance. Thomas & Woodford.

Clara Morris, formerly a famous actress, now bedridden and almost blind, is happy at the age of 69 because her husband, who sustained a stroke of paralysis, is better, and her mother, 90 years old, has survived pneumonia. A lesson there for chronic misanthropes who refuse to be happy!

The thing that perplexes the charitable agencies in their search for jobs for the unemployed is that "unemployment" has become a trade with many, and one that they are reluctant to abandon.

THE "PRUDENT MAN" ASKS ADVICE ABOUT MONEY MATTERS

This would be a more prosperous community if every father in it would say to his boy: "Son, start a bank account this very week and every dollar you save and put in the bank I'll give you another dollar to put in the bank with it"—and if everybody would have SENSE enough to do it.

News Over the State

Charged With Extorting Money.

Pikeville—Andrew Salmi, an Italian, is in jail here, charged with Black Hand methods on Pond Creek. It is said that he left a letter at the home of Giovanni Bacilio, construction contractor, in which he threatened the family with kidnapping unless \$500 were forthcoming. Bacilio was absent when the letter was left at his home, and his wife took \$15 and left it wrapped in an old newspaper and detectives were notified.

Sunday School Convention.

Hopkinsville—The second annual session of the West Kentucky Sunday school convention will be held in Hopkinsville on April 14, 15 and 16. All the Baptist churches in the Penny-rile district are included in this organization, and there will be several hundred delegates who will be entertained in the hospitable homes of the city. Three meetings will be held each day in the large auditorium of the First Baptist church, and the program is one of unusual interest.

School Tax Suit.

Bowling Green—The members of the Board of Education of the Warren county schools brought a friendly suit against the members of the Warren County Fiscal Court asking Judge J. McKenzie Moss, of the Warren Circuit Court, to compel them to make a levy of 15 cents on each \$100 worth of taxable property and \$1 poll. Judge Moss will hear the case in the near future.

Four Perish in Flames.

Paducah—Marion J. Ford, 40; his wife, Victoria, 38, and their two children, Polly, 5, and Louise, 3, were burned to death in a fire which destroyed the Ford home, near Rossington, ten miles from Paducah, in the extreme west end of the county. Four other children escaped with slight burns after they had been awakened by their father, who was attempting to rescue his wife and two babies when the roof of the house fell and pinned him beneath the wreckage.

Six Business Houses Burn.

Marion—Six business houses were destroyed by fire at Blackford, Ky., in Webster county. The fire started at the Threlkeld Hotel, burning it and spreading to Martin's restaurant, Clark's jewelry store, Vaughan's general merchandise store, McCarthy's insurance offices, Field's grocery and Litchfield's grocery, all of which were burned to the ground.

Killed in Pistol Duel

Irvine—In a pistol battle in Main street between officers and Frank Garrett, a building contractor of Madison county, Garrett was shot and almost instantly killed, and William Packney was wounded in the arm. His wound is not serious. H. G. Denner, chief of police, and Joe Spivey, policeman, surrendered themselves shortly thereafter to the county officials.

To Fight Tuberculosis.

Henderson—The Henderson County Fiscal Court voted to appropriate \$10,000 to the newly-appointed board of trustees of the Henderson County Tuberculosis Hospital Association. The fund is to be used in the purchase of a site and the erection of a building to be used for the care and treatment of persons afflicted with tuberculosis.

Insurance Men Will Not Accept.

Frankfort—No word has yet been received in reply to the invitation sent by Gov. McCreary, State Auditor Bosworth and Attorney General Garnett to representatives of the fire insurance companies to meet them at Louisville the night of April 18 or here April 22. The invitations were sent to J. H. Lermitt, Western manager of the Northern Assurance Company; Thomas E. Gallagher, of the Aetna, and Dugan & Carr, of the Hartford. They were invited to the conference to discuss the fire insurance condition in Kentucky, and some means of remedying it. The State officials are hopeful of an acceptance of the invitation and a satisfactory outcome of the conference.

Fatal Dynamite Explosion.

Winchester—Samuel Smith, 40, of Richmond, was killed by an explosion of dynamite about two miles north of this city, on the Louisville & Nashville. His skull was crushed and both eyes blown out. Coroner A. M. Becker summoned a jury, consisting of C. H. Sullivan, B. F. Goodpastor, Hiram Bliss, Thomas Bliss, L. T. Edge and W. T. Stephenson, but as no witnesses were present, the investigation was postponed. Smith was foreman of a construction gang engaged in digging a foundation for an overhead bridge. A stick of dynamite which had failed to explode went off without warning and caused his death. He was a widower, with four small children, living at Richmond.

New Redrying Plant.

Lexington—The Land Tobacco Redrying and Storage Company has made a deal with the American Tobacco Company to double the capacity of the plant located in South Spring street, between the former will erect a new one-story brick and steel building 100 feet wide and extending through to Dunaway street. The new structure will call for an outlay of \$50,000. The contract provides for the installing of a 150 horse power engine and an increase of sixty horse power in motive power in the adjoining building now owned by the Land company and under lease to the American. The lessee of the new building will install its own redrying machinery and will pay an annual rental for the new building of \$1,000.

Madisonville—The strike of the

THEATRICAL.

The Alamo Today, Tuesday, April 14.

At the Alamo to-day the Famous Players Film Co. will present Cyril Scott, famous romantic actor, in motion pictures, "The Day of Days."

Cyril Scott, who won such sensational success in the stellar role of "The Prince Chap," "The Lottery Man," and "Royal Mounted," makes his motion picture debut in the production of the Famous Players Film Co.'s "The Day of Days," from the famous novel by Louis Joseph Vance, one of the foremost novelists of the day. Cyril Scott is ideally cast in "The Day of Days" as a young book-keeper named Percival, whom Fate chooses as the central character in one of the strangest plots ever woven about the life of the metropolis. The story is an extravaganza of metropolitan adventure, and develops into a panorama of emotions, a kaleidoscopic drama with New York at night as a background.

Louis Vance based his exciting novel on Oriental fatalism, which assigns to each and every man his "Day of Days," wherein he shall range the skies and plumb the abyss of his destiny, alternately its lord and puppet. The story takes one from the lowly earth to the high peaks of romance. Percival, who has led a terribly uneventful life, suddenly becomes the hero of a chain of fascinating and fantastic adventures, as a result of which he wins fortune and love. Rarely have more thrilling incidents been reproduced on the screen. Cyril Scott renders one of the most interesting characterizations he has ever portrayed.

The production is well mounted, with sets typical of the Famous Players Film Co's care and liberality. It is in four reels. (adv)

miners at the Kingston mine still holds out and the mines are idle. One guard, Johnson Williams, of Dawson Springs, has been placed at the mine. W. W. Kingston, principal owner and manager, was in the city Monday in consultation with officials, but the result of the conference is not known. Work continues at the theater mines in the county where orders for coal are to be filled.

Indictment Dismissed.

Frankfort—An indictment charging Attorney J. A. Edge, of Lexington, with false swearing, was dismissed here by acting Commonwealth Attorney Leslie W. Morris. Edge had made an affidavit to which Judge Stout excepted, as he said it reflected on him. Edge filed an affidavit Monday declaring he had not intended to reflect on Judge Stout.

To Build \$10,000 Hospital.

Whitesburg—The W. C. T. U. Mountain Mission School at Hindman, in Knott county, announces the building of a \$10,000 hospital; there to be run in connection with the school. A more up-to-date school building is also planned to be built during the present year.

Want Model Road

Carlisle—A movement has been started to build a model road through Nicholas county from the Bath county line to Millersburg. Nicholas county fiscal court in session Tuesday decided to appropriate \$10,000 to be used in event the citizens of Nicholas county raised \$10,000 to be used on the model road.

Elks May Sell Club.

Lexington—Plans are on foot by the Lexington Elks to dispose of their handsome \$40,000 club house on North Broadway and lease quarters in the new addition to the Phoenix Hotel. An expected formal proposition looking to this end will be made soon.

After "Colonel's" Heart.

Danville—Dr. Thos. Washington, eighty-one years of age, who resides on his farm eight miles north of Danville, is a man after Col. Roosevelt's own heart. He has been married four times, and is the father of forty-four children, thirty-nine of whom are living. Dr. Washington has grandchildren, great-grandchildren and great-great-grandchildren almost too numerous to count. And the story is again lingering around the Washington home.

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had

pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my

testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Paris Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Paris adds one more to the many cases of home endorsement which are being published about Kidney Pills. Read it.

George McCandless, butcher, Paris, Ky., says: "Sometime ago I had occasion to use a kidney remedy. I had backaches and disordered kidneys. The way Doan's Kidney Pills stopped the trouble proved their merit."

Mr. McCandless is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the same that Mr. McCandless had—thereby backed by homestead testimony. 50c. all stores. TIPS FROM TEXAS.

(Dallas News.)

People who cross bridges before they come to them are never able to come back the same way.

Woman will insist that her husband is a donkey even when she knows him to be some bear.

Of course a thing of beauty may be a joy forever, but that is no excuse for some of the slit skirts we have seen.

We have also noticed that after a woman has about six children she nearly always gives up riding horseback before breakfast.

Some people are so practical and mercenary that they would take stock in a soul-polluting factory if somebody would start it.

—At the banquet to be given by the Bible Class of the Presbyterian church Thursday evening, there will be a number of speakers from other cities, among whom will be Dr. B. M. Shive, pastor of the Presbyterian church, of Paris.

—Little Miss Rebecca Collier, the youngest daughter of Mr. and Mrs. M. P. Collier, entertained thirty-two of her little friends Thursday from 2 to 5 p. m., the occasion being her sixth birthday. The little folks had a jolly time. Many games were indulged in and the little lady was nicely remembered with gifts from her many friends. Ice cream and cakes were served.

—Mrs. R. L. Tarr entertained about forty-five of her lady friends Tuesday afternoon from 2 to 5. A number of games were indulged in, the one in which they progressed being the "Stock Exchange," in which seven tables took part. Easter eggs were used as tallies. The table winning the first prize, which were red carnations, and all the other ladies receiving white carnations. An elaborate meat and salad lunch was served. It was a social event in which every body felt at ease, and was void of all formality.

—Miss Alma Duke Jones will appear at the M. F. C. auditorium Saturday, April 18, at 8 p. m., in a high-class musical program. Miss Jones is one of our home girls, a graduate in music of the M. F. C., and now a student at the Cincinnati Conservatory of Music. She is a young woman with brilliant prospects and one of the most promising that ever completed the course in music at the M. F. C. She will be assisted by Miss Esther Thiele as vocalist. Reserved seats 35 cents; general admission 25 cents. If you miss this opportunity you miss a treat. Let's show our appreciation of Miss Jones by putting standing room at a premium. (14-2t)

—The Primary Department of the M. F. C. gave an Easter entertainment at the M. F. C. auditorium Friday evening, which was under the direction of Miss Corinne Wilson, who

is in charge of that department. The little folks were well drilled and the choruses, readings, drills and flower scenes were beautiful. They were greeted by a large audience, and all present knew the entertainment would be a good one, because Miss Wilson has demonstrated her ability in this line of work during the commencement season of last year. The intermissions at times were a little long, but this was unavoidable. The time was filled in with pleasing music, and when the curtain went up again and the next scene was witnessed all felt repaid for the delay. Miss Wilson will give another entertainment with this department during the commencement season in May, and everyone is looking forward to it.

—Mr. M. P. Collier, the senior member of the Millersburg Coal and Lumber Co., has sold his interest to his partners, Messrs. W. A. Butler and A. S. Miller, and the work of invoicing is now going on. Since Mr. Collier has purchased an interest in the Bourbon Lumber Co., he has been spending his entire time in Paris, and feels that he cannot remain with both firms and giving to each the interest that it demands. We are sorry that Mr. Collier has made this change, for we know that within a few weeks he will leave our little city to identify himself with his interests in Paris. His place will be hard to fill and regrets are expressed everywhere. However, we are glad to know that the other members of the firm are able to handle the business, and ask for them the undivided patronage that they have enjoyed in the past.

PHOENIX HOTEL CASE ENDS IN FAYETTE COURT.

The Phoenix Hotel bird case which has attracted attention throughout State was finally decided yesterday when in the Fayette Circuit Court a fine of \$380 and costs on the four indictments. The case was first tried in the Fayette County Court in November, 1912, and a fine of \$600 was imposed on the Phoenix Hotel Company. The case was appealed to the Circuit Court and a fine of \$150 was imposed by the verdict of the jury trying the case. Then the case was taken to the Court of Appeals and in January, 1913, the decision of the lower court was reversed. On one indictment the company was again tried and after a verdict of guilty the case was again carried to the Appellate Court, which again reversed the decision of the lower court. At the trial yesterday a plea of guilty was entered and the fine stated above was imposed. The case has been of much interest throughout the State. The Phoenix Hotel Company was indicted at the November, 1912, term of the Fayette Circuit Court for selling quail, in violation of the State law. The indictments were the result of an investigation by State Agent Quincy Ward, of the Fish and Game Commission, who has been vigorous in his prosecution of the case.
